## Mission Statement

At Chicago Industrial Fasteners we live by the old adage that the "Customer Is Always Right".

We successfully handle special requests everyday. Customer needs are our #1 priority at CIF and we will do whatever it takes to satisfy those needs. We have accomplished this on countless occasions, and we intend to keep on doing it. Whether you are an existing customer or calling us for the first time, you are guaranteed to receive our best effort.

You will speak to the same sales person every time you call us. This is a tremendous benefit when you need fast, reliable, professional service. We have developed a company that employs people who are honest, fair, and courteous. We understand the value of treating customers the right way. Make your needs our number one priority by giving us the opportunity to "Serve You Better". We know you will be pleased.
